

# Opportunity for Direct Mission Involvement Partnership in the Dominican Republic

New Wilmington Presbyterian Church and Clen Moore Presbyterian Church have been involved for a

number of \_\_\_\_\_ years in a strong mission partnership with a congregation in the Dominican Republic. The partnership includes:

- Regular visits and worship with the partners
- Medical and dental work
- Educational support
- Construction projects to support local ministry

This has been a great blessing to these congregations.

We now have the opportunity to expand the partnership to new congregations in the Dominican Republic and Shenango Presbytery.

*Would your session be interested in exploring a mission partnership with a congregation in the Dominican Republic?*

This is possible...

- ...for a church of any size
- ...with only 2 – 3 interested persons
- ...without large financial resources
- ...without fluency in Spanish

For more information, please contact ASAP:
